

The Value of UE Risk Management

United Educators (UE) members receive many benefits including unlimited access to a robust library of practical, education-specific risk management resources. Developed by our expert research and consulting teams and our instructional, visual, and graphic designers, these resources provide actionable insights and guidance to help members manage risks and train their communities.

Consider these potential cost savings for your institution.

Risk Management Resources and Services

Member K-12 schools and higher ed institutions receive access to our education-specific risk management resource library, which includes claims studies and other publications, online training for employees and students, and instructional podcasts and webinars that discuss liability and education and unpack the most pressing issues education faces.

We offer a library of hundreds of practical, education-specific items. In 2023, we released more than 80 risk management resources including articles, online courses, podcasts, reports, checklists, and webinars.

Topics include:

Employment
Discrimination

Premises
Safety

Sexual Misconduct
and Harassment

Campus
Violence

UE offers a collection of more than 80 online courses to help scale risk management within the educational community. In 2023, we had

nearly 457,000
online course completions by
employees and student learners.

Address and Reduce Risk Exposure

Our RMPC program enables members to earn credit on their renewal premium by implementing specific risk management activities on targeted areas of risk exposure. For the 2023 RMPC program year, **85% of eligible members earned credit at renewal.**
